

Thermal Analysis and Calorimetry 2023

TAC 2023

28th & 29th March 2023

University of Huddersfield, UK

Plenary Speakers

Prof. Vesa-Pekka Lehto, University of Eastern Finland
Heat in nanoscale

Prof. Ignazio Blanco, University of Catania, Italy
The role of thermal methods in materials characterization

Call for Papers

Papers are invited on all aspects of thermal analysis and calorimetry. Please email short abstracts (200-300 words) to Dr Gareth Parkes (g.m.b.parkes @hud.ac.uk)

Short Course - Introduction to Thermal Methods 27th March 2023

The Conference will be preceded by a Short Course giving a comprehensive overview of thermal methods. Please contact Dr Duncan Price for further details (duncan.price@edwardsvacuum.com)
